

*2020-2021 AP Language & Composition - Summer Reading Assignment*

**TASK:** Please read *The Significance of The Frontier in American History* and *Civil Disobedience* and annotate for:

- *Author's purpose*
- *Central idea*
- *Figurative language / Literary elements*

**Specific Guidelines:**

*You can use a hard or digital copy of the texts. If you choose a digital version, make sure that you're also able to make/keep annotations as you read. We will use these annotations in class when we begin school in September*

*When annotating as you read, be thorough - Identify the author's purpose, central idea, and figurative language use as often as you can. A book will have a broad central idea, but it is also composed of many smaller, more intricate central ideas within each paragraph, page, and chapter that support the overarching theme and central idea*

*An additional PDF will be attached to help you identify figurative language and elements of style*

***Email me when you begin reading these texts. We'll begin a dialogue of what you're reading throughout the summer - Michael.Lucchesi@Petridesschool.com***
