Mar 12

Obstetrics/Gynecology/Pediatrics

Obstetrics and Gynecology: *Dr. Iris Dori is a board certified Obstetrician/ Gynecologist.*

I chose this field due to the continuity of care that I share with my patients. I also enjoy both the medical and surgical aspects of this field. Taking care of pregnant women and delivering their healthy babies is something that I enjoy very much.

Peds/ER: *Dr. Yvonne Palma Giunta, board certified in Pediatric and Pediatric Emergency Medicine.*

Medicine is my passion. There is nothing I could have ever imagined myself doing more than making children better. In the pediatric emergency department we ease parental concern, we make patients feel better, we give sometimes sad news and we save lives.

Mar 26

Careers in Health Care Simulation

Injury Prevention, Distracted Driving & the Simulation Experience

Lisa Carolan, RN, MHA, CHSE

Simulation is a bridge between classroom learning & real life clinical experience. The Patient Safety Institute and the Division of Trauma Surgery combine real life scenarios to recreate a unique educational experience from the patient perspective and as a healthcare provider.

Apr 2
